The Intensium®; Max 20 High Energy (LFP) is Saft's unmanned and ready to install Energy Storage System (ESS) in a 20-foot container, enabling utility-scale storage solutions for grids, ...

The energy storage battery system adopts 1500V non-walk-in container design, and the box integrates energy storage battery clusters, DC convergence cabinets, AC power distribution cabinets, ...

Elephant Power's Container Energy Storage System offers up to 5 MWh of scalable, weather-resistant energy storage. Ideal for industrial and commercial use, it supports wind and solar energy, reduces ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Introducing our 20FT Container Energy Storage System - engineered for unmatched efficiency and reliability. This robust 20-foot unit offers a substantial capacity of 500KW/1000KWH, making it an ...

20ft 2MWh Outdoor Liquid-Cooled Li-ion Battery Container: Advanced thermal management, weatherproof design. Ideal for renewables, grid support, and peak shaving.

The 20ft 2MWh outdoor liquid cooled energy storage container is composed of 7 1P416S, 1331.3V 280Ah battery racks with BMS, which has the characteristics of high power and long life.

This outdoor 20ft container ESS for large-scale commercial and industrial energy storage projects. Built-in EMS, with multiple working modes such as self-use, peak load shifting, TOU, battery priority, etc.

This 20ft collapsible container solution features 60kW solar capacity and 215kWh battery storage. Built with robust 480W modules, it powers extended off-grid missions, from microgrids to rural factories, ...

This newly updated version maximizes energy density within a standardized 20HQ container, utilizing an

20-foot outdoor energy storage container

aisleless design to deliver high-yield energy storage with a minimized footprint.
