The proposed Battery Anode Facility in Abu Dhabi is a strategic expansion for NextSource. The facility is expected to produce up to 20,000 tonnes per year of high-performance ...

The first lithium battery recycling factory in the Middle East has settled in Abu Dhabi, investing 40 million dirhams to build a circular economy and contribute to the 2050 net zero ...

As a regional leader and innovator in energy storage, we combine advanced expertise in technology development, packaging, and large-scale manufacturing to deliver world-class lithium ion technology.

ABU DHABI, 27th May, 2025 (WAM) -- Enercap, a subsidiary of Apex Investment PSC, has officially commenced the production of fully UAE-manufactured advanced batteries designed for a wide range ...

Titan Lithium is developing critical battery-grade materials to support electric mobility and energy storage, advancing a sustainable energy future from Abu Dhabi.

Continuing Urologic Certification (CUC) is a continuous formative process developed to fulfill ABMS requirements for more consistent assessment of skills needed to deliver contemporary urologic care.

The Abu Dhabi National Oil Company (ADNOC) is collaborating with Revterra to test an innovative kinetic battery system within its E2GO EV charging hub at Masdar City, Abu Dhabi.

ADNOC trials Revterra's kinetic battery tech in Abu Dhabi to boost EV charging, sustainability, and the UAE's net zero goals.

ABU produces thousands of fresh graduates every year from about 94 undergraduate programmes. Choose from around 664 well-established PhD, MPhil, MSc and PGD programmes to boost your ...

As the world shifts toward renewable energy integration, Abu Dhabi has strategically positioned its lithium

Abu Dhabi lithium-ion battery technology

battery factories to meet global demand. The UAE's \$163 billion Energy Strategy 2050 fuels ...

ABU Certification Testing The American Board of Urology is organized to encourage study, improve standards and promote competency in the practice of urology.

The applicant will be required to undergo a professional competency and/or educational assessment in a program approved by the ABU. For either exam evaluations will be performed at the expense of the ...

With a target of 50% electric and hybrid vehicle sales by 2050, the demand for processed lithium for EV batteries is set to soar. The investment in Abu Dhabi signifies a pivotal step in ...

Our university proudly features two unique campuses, each offering a blend of academic disciplines and opportunities. Whether you're a current student, a prospective student, or just curious about what our ...

Kezad (Khalifa Economic Zones Abu Dhabi) and Titan have signed a 50-year land lease agreement for the AED5 billion plant. The plant, to be developed in three stages, will produce battery ...
