Which solar projects have been approved in Tunisia?

The Tunisian government has granted licenses to four PV projects with a combined capacity of 500 MW. The selected developers are Qair International, Voltalia, Toyota Tsusho and Scatec. Tunisia's Minister of Industry, Mines and Energy, Fatima Al-Thabat Shibb, has approved four solar projects with a combined capacity of 500 MW.

When will Tunisia get 200 MW of solar?

In October 2024, Tunisia launched a new tender for 200 MW of large-scale solar, with submissions due by Jan. 15, 2025. Tunisia's total solar capacity reached 506 MW by the end of 2023, according to the International Renewable Energy Agency (IRENA). This content is protected by copyright and may not be reused.

Is Tunisia ready for a large-scale solar project?

It previously completed a 500 MW solar tender in December 2019. In October 2024, Tunisia launched a new tender for 200 MW of large-scale solar, with submissions due by Jan. 15, 2025. Tunisia's total solar capacity reached 506 MW by the end of 2023, according to the International Renewable Energy Agency (IRENA).

How is Tunisia advancing utility-scale solar?

Tunisia is advancing utility-scale solar through a series of tenders, including the latest procurement round launched in January 2023. It previously completed a 500 MW solar tender in December 2019. In October 2024, Tunisia launched a new tender for 200 MW of large-scale solar, with submissions due by Jan. 15, 2025.

Tunisia Adds Another Major Solar Project - Voltalia Wins Bid for 132MW Photovoltaic Power Plant, Set to Begin Construction in 2027 Solarbe Globalsource

AMEA Power has commissioned Tunisia's largest operational solar PV and renewables project, with the 120MW Kairouan plant.

On 16 December 2025, in the central Tunisian governorate of Kairouan, a 120-megawatt solar power plant was officially commissioned, marking the country's largest operational solar photovoltaic facility ...

The Kairouan project forms part of Tunisia's broader plan to deploy five large-scale solar plants totaling 500 MW across regions like Tataouine, Gafsa, Tozeur, and Sidi Bouzid. Together, ...

Voltaia selected to build 132-MW Wadi solar plant in southeastern Tunisia Project lifts Voltaia's Tunisia solar pipeline to nearly 400 megawatts Solar push supports Tunisia's strategy to ...

The African Development Bank Group welcomed the commissioning, on 16 December 2025, of the Kairouan solar power plant, which will strengthen Tunisia's energy security and advance ...

Under Prime Minister Sarra Zaafrani Zenzri, Tunisia approved renewable energy projects covering solar PV, wind capacity, storage plans, and future concession tenders.

Tunisia has awarded its first renewables contracts of 2026 to France's Voltaia and Norway's Scatec, with 327MW of wind and solar projects described as "milestones" as the country targets 35% of ...

Tunisia's Minister of Industry, Mines and Energy, Fatima Al-Thabat Shabb, has approved four solar projects with a combined capacity of 500 MW.

While projects and funding are pouring into the North African country to develop photovoltaics, the solar solutions subsidiary of the French energy giant is withdrawing from the ...
