Australia is situated entirely in the southern hemisphere, between the Indian and the Pacific ocean, south of Maritime Southeast Asia and north of the Antarctic. With an area of 7,617,930 km², Australia ...

Australia is located in the Southern Hemisphere and lies in between the Indian and Pacific Oceans. We're only ever a flight or two away, so it's easy to fly to Australia. How many states are there in ...

Australia is the world's flattest and driest inhabited continent. It is a megadiverse country, and its size gives it a wide variety of landscapes and climates including deserts in the interior and tropical ...

Australia is both the flattest continent and, except for Antarctica, the driest. Seen from the air, its vast plains, sometimes the colour of dried blood, more often tawny like a lion's skin, may seem ...

Australia, the smallest continent and one of the largest countries on Earth, lying between the Pacific and Indian oceans in the Southern Hemisphere. Australia's capital is Canberra, located in ...

The High Court of Australia in *Potter v Minahan* (1908) stated that "Although there is no Australian nationality as distinguished from British nationality, there is an Australian species of British nationality."

Australia is a large, comparatively dry, and sparsely inhabited continent, almost as large as the 48 contiguous U.S. states. Australia, the only continent that consists of a single nation, is also the ...

A highly publicised episode about a pensioner's battle against NAB was mysteriously pulled by Australian Story at the last minute. Margin Call understands it was due to ongoing fact-checking.

Australia is one of the most multicultural countries in the world, and home to the world's oldest continuing culture. We have a highly skilled workforce and a proud history of democracy and stable ...

Australian home photovoltaic energy storage

Australian consumer prices rose by more than expected in January, while core inflation hit the highest in over a year, an uncomfortable outcome for policymakers that raises the risk of another ...
