The meaning of AUTOMATED is operated automatically. How to use automated in a sentence.

Photovoltaic panel frame disassembly machine removal and Automatic Solar Panel Recycling Machine Production Line. Automated solar panel removal equipmen consists of several key components that ...

The integrated production line encompasses automated feeding, intelligent identification, mechanical disassembly, pyrolytic separation, gas purification, and material re-sorting, fully realizing ...

The photovoltaic panel dismantling machine is a highly automated device that uses high-precision sensors and cutting technology to achieve precise dismantling of the photovoltaic panel frame.

Through automation or semi automation, it quickly and accurately separates the photovoltaic panel from the metal frame, improves recycling efficiency, and reduces manual labor intensity. It is one of the ...

AUTOMATED definition: 1. carried out by machines or computers without needing human control: 2. carried out by machines.... Learn more.

automated, automating to install automatic procedures, as for manufacturing or servicing; follow or utilize the principles of automation. Many banks have begun to automate.

A high proportion of email work can be wholly or partially automated. The factory is fully automated so experience with PLC controls will be hugely advantageous.

to operate or control by automation. to displace or make obsolete by automation (often fol. by out): The unskilled jobs are going to be automated out. follow or utilize the principles of automation: Many banks have begun to ...

How Can Automation Be Used to Disassemble Solar Panels Efficiently? Automation can significantly improve the efficiency and cost-effectiveness of solar panel disassembly. Robotic ...

An automated factory, office, or process uses machines to do the work instead of people. The equipment was made on highly automated production lines.

Something that's automated is controlled by a machine rather than a person. You probably get cash from an automated teller machine, which is sometimes more convenient than going to the bank. Automated comes ...

As the number of scrapped photovoltaic panels continues to grow. To solve the problem of photovoltaic module recycling, HENAN RECYCLE has launched a fully automatic solar panel ...

The PRG 100 Stokkermill is an automatic, compact, and mobile system designed for the delamination of trimmed solar panels, with effective separation of the main fractions: silicon, glass, and EVA plastic.

Define automated. automated synonyms, automated pronunciation, automated translation, English dictionary definition of automated. v. au·to·mat·ed, au·to·mat·ing, au·to·mates v. tr. 1. To convert to automatic ...
