Will Malaysia build Brunei's first solar plant?

A joint venture partly owned by a subsidiary of Malaysia's Solarvest will build Brunei's first utility-scale solar plant under a 25-year power purchase agreement (PPA) with the Brunei government. A 30 MW solar park is under development in Brunei. Seri Suria Power (B) Sdn. Bhd., a newly formed joint venture, will build and operate the project.

Will Brunei develop a solar power plant?

Brunei is set to develop a 30-megawatt (MW) solar power plant, marking a significant step forward in the country's renewable energy ambitions. The project will be led by a newly formed joint venture, Seri Suria Power (B) Sdn. Bhd., which will oversee the construction and operation of the facility.

Who owns solarvest in Brunei?

Atlantic Blue holds a 34% stake in the joint venture. Khazanah Satu owns 30%, and Serikandi holds 36%. Solarvest confirmed in a filing to Bursa Malaysia that the government of Brunei has signed a 25-year power purchase agreement effective from the plant's commercial operation date. Construction is scheduled to finish by the end of next year.

Who owns a 30 MW solar park in Brunei?

A 30 MW solar park is under development in Brunei. Seri Suria Power (B) Sdn. Bhd., a newly formed joint venture, will build and operate the project. The company is owned by Atlantic Blue Sdn.

The financing builds on Baiduri Bank's first major renewable energy milestone in 2025, when it signed on as sole financier for Brunei Darussalam's first utility-scale solar photovoltaic power ...
