Bulgaria will finance 82 standalone battery storage projects worth over 1.15 billion levs (\$675 million) under its EU-funded procurement exercise named RESTORE. The selected projects will deliver a ...

The Shanghai-based manufacturer has installed 90 SigenStacks at a solar project in Malko Tarnovo, Bulgaria, near the Turkish border. Each unit features a 110 kW hybrid inverter, ...

This combination of expanding storage, disciplined balancing, and growing solar capacity positions Bulgaria as an increasingly influential player in the European energy market.

With the country's solar generation capacity now reaching almost 5,500 MW, following the installation of nearly 500 MW in the first half of 2025, the batteries will allow the solar energy to ...

RAZLOG, Bulgaria-- (BUSINESS WIRE)--Stationary battery manufacturer Hithium has successfully deployed the largest battery energy storage system (BESS) project in Eastern Europe to ...

Bulgaria is third in the European Union for newly installed battery storage capacity in 2025, turning into one of the fastest growing markets in Europe, show data from the annual EU ...

The battery energy storage system (BESS) in Lovech, northern Bulgaria, is comprised of 111 battery containers and has a total capacity of nearly 500MWh, the Ministry of Energy announced, ...

The Bulgarian city of Lovech, northeast of Sofia, hosts the strongest battery energy storage system (BESS) in the Balkans. The Ministry of Energy even said the new facility, with a ...

July 9th, Bulgaria - HiTHIUM has successfully deployed the largest battery energy storage system (BESS) project in Eastern Europe to date, with a capacity of 55MWh using HiTHIUM's 16 energy ...

Bulgaria solar container battery field capacity

Energy storage in Bulgaria is expanding rapidly as the government awards nearly 10 GWh of capacity to 82 projects, boosting renewable energy reliability and grid stability.
