IMP 48V Battery System supports solar energy storage of both commercial and industrial purposes. The system is built from integration of LiFePO4 Basic Storage Battery in parallel connection with BMS for ...

We design your enclosure custom, with or without integrated DC distribution and one or more Whisper Interface Box battery management systems. Want to know which configuration suits your situation?

The Home Backup Power battery cabinet is an ideal backup power source for home applications. It creates 120/240vac for powering standard household needs during utility outages.

EverExceed offers fully integrated outdoor cabinet solutions with battery packs, rectifiers, monitoring units, and cooling systems for fast, reliable deployment.

Our custom battery packs are applicable to UPS battery, AGV battery, medical battery, off-grid solar battery, golf carts battery, emergency light battery, solar light battery, starter battery, energy storage ...

Discover high-efficiency 48V wind energy storage batteries with long lifespan, deep cycle performance, and full customization. Ideal for industrial & renewable energy applications.

High performance: Our lithium batteries have high performance features such as high energy density, high safety and high charge/discharge efficiency, which can provide users with more reliable, safe ...

"Big Battery made converting our 48v lead acid EZGO cart to lithium a breeze. Our cart is lighter, faster and the range went up dramatically using just a single Falcon Elite battery.

Customize a safe, long-lasting 48V lithium iron phosphate battery for your off-grid, EV, or other application. Choose capacity, connectors, and enclosure to optimize performance.

Customized 48V Lithium Battery Cabinet for Wind Power Generation

Keheng provides you with a full range of customized 48V lithium battery solutions. From battery voltage, capacity, and size to BMS, communication protocol, and shell design, we can meet your individual ...
