Who makes Sinovel wind turbines?

Sinovel Wind Group Co, a Chinese manufacturer of wind turbines, is based in Beijing. As of 2011, its market share ranking is second globally. Thus, it became the largest manufacturer of wind turbines in China. Furthermore, Donghai Bridge Wind Farm, China's first offshore wind farm, opened its doors in July 2010 with 34 3 MW Sinovel turbines.

How many Sinovel wind turbines are connected to the grid?

In December, 19 sets of Sinovel's 3MW wind turbines were connected to the grid at the Jiangsu Rudong Wind Farm developed by China Longyuan Power Group - the first intertidal wind farm project in the world. 2010/2/27

How many offshore wind turbines did Sinovel install?

On February 27, 2010, Sinovel successfully completed the installation of 34 units of 3MW offshore wind turbines for the 100MW Shanghai Donghai Bridge Offshore Wind Farm project. On June 8, all the turbines were connected to the grid and put into operation. 2010/10/12

Is Sinovel a good offshore wind power project?

This project has become the only domestic offshore wind power project which passed 5 years of operation tests and warranty period. The cumulative offshore generating capacity for Sinovel turbines reached 170MW, making it No. 1 in the Chinese market with a total of 25.84% market share.

It is planned to invest in 500MW wind power generation projects and new energy storage and supercapacitor industry projects in Tongyu County in the future.

As of March 2025, Sinovel Wind Power has officially completed grid connection for its 800MW offshore wind farm in Guangdong, marking China's largest operational marine renewable energy project.

Sinovel is also the first Chinese enterprise to have independently developed a series of 5MW and 6MW wind turbines.

Founded in February 2009, Sinovel Wind (Gansu) Co., Ltd. is a subsidiary of the group. It is primarily involved in the manufacturing and sale of wind power generators, wind farm construction ...

Does Sinovel have a power plant now

CHINA - Sinovel Wind Group has announced plans to invest 3 billion yuan (£285 million) in a plant to produce turbines for the domestic and international market.

Sinovel Northwest Base resumed production with new technology, new product and new service Sinovel Cooperates With Mita-Teknik to Co-Develop Innovative Wind Turbine Control Systems

It supplied all 34 units of 3MW wind turbines for the Shanghai Donghai Bridge Wind Farm, the first offshore wind farm outside Europe and China's first national offshore wind power demonstration ...

As a result, Sinovel had an agreement with AMSC for more than \$800 million in goods and services to be used with the wind turbines that Sinovel manufactured, supplied, and maintained ...

In 2009 Sinovel had the new installed wind power capacity of 3,510 MW, ranking No.1 in China and No.3 in the world. Looking forward, Sinovel will continue to meet challenges, pursue ...

In December, 19 sets of Sinovel's 3MW wind turbines were connected to the grid at the Jiangsu Rudong Wind Farm developed by China Longyuan Power Group - the first intertidal wind farm project in the ...
