Who is responsible for energy policy in Bhutan?

The Ministry of Energy and Natural Resources set up the Department of Energy as the policy-making body after merging two departments, the Department of Hydropower and Power Systems, and the Department of Renewable Energy. Bhutan's energy sector operations have separate commercial management and ownership from the government.

What is Bhutan's national energy policy 2025?

Bhutan's National Energy Policy 2025 (NEP 2025), released in June 2025 by the Ministry of Energy and Natural Resources (MoENR), represents a pivotal shift in the country's energy strategy.

What is Bhutan's energy security & sustainable growth policy?

Titled "Empowering Energy Security & Sustainable Growth," the policy consolidates and supersedes several prior frameworks, including the Bhutan Sustainable Hydropower Development Policy 2021, Alternative Renewable Energy Policy 2013, Domestic Electricity Tariff Policy 2016, and National Energy Efficiency & Conservation Policy 2019.

Does Bhutan have a national strategy for energy security?

Bhutan imports power every winter months, when the demand is at peak and generation is at lowest point. This tantamount Bhutan to be an importer of electricity despite abundance of renewable energy resources at its disposal. Therefore, suggests apparent lack of national strategy centering energy security.
