Will Madrid become a central base for energy storage systems?

"Our strategy is very clear: to turn Madrid into our central base for energy storage systems. From there, we'll provide agile and specialized support to clients across Europe and Latin America," Gattoni explained.

Why is battery storage so important for bioforestal del Mediterráneo?

Bioforestal del Mediterráneo CEO Enrique Madrid said: "Battery storage is a critical element for us to advance energy transition and MARS's advanced solution aligns perfectly with our vision for a cleaner, more efficient energy future.

What is the largest CHP+PV+Bess project in Spain?

As part of this project, MARS is proud to contribute by providing Socrates BESS units, with a total capacity of 5.6MW/11,3MWh. Once completed, this will become the largest CHP+PV+BESS project in Spain, marking a significant milestone in the country's energy landscape. This project has garnered support from the "PROGRAMA RENOCOGEN" initiative.

To further reduce its carbon footprint and enhance the efficiency of electricity generation, Bioforestal has embarked on a project to integrate photovoltaic (PV) and battery energy storage system (BESS) with ...

Sungrow's Madrid conference unveiled new inverter and energy storage tech to advance Spain's solar power goals. Discover how these innovations support the EU Green Deal.

07 February, 2023, Madrid, Spain: Ginlong (Solis) Technologies, one of the most experienced and largest inverter producers in the world, is showcasing its new 6th generation energy storage inverters ...

Madrid, Spain, March 6th, 2024 -- Sungrow, a global leading PV inverter and energy storage system supplier, will be presenting its thrilling new liquid-cooled energy storage system, PowerTitan2.0.

With Intersolar Europe 2025 as a platform to highlight its evolution, Risen Energy emerges as a strategic partner in the global energy transition, combining cutting-edge storage solutions, advanced PV ...

Energy storage inverter exported from Madrid

As renewable energy adoption accelerates globally, Madrid emerges as a strategic hub for advanced inverter battery solutions. This article explores the evolving demands, technological innovations, and ...

Spain is set to make major investments in energy storage over the coming years. The Ministry for the Ecological Transition and Demographic Challenge (Miteco) has published the final ...

Sungrow announced that it supplied its inverter solutions to an 800kW solar project which was carried out with the Spanish public transport operator Metro Ligero Oeste.

The rapid pace of urbanization in Spain is significantly influencing the growth trajectory of the battery inverter market for energy storage systems.

Showcasing latest products: Starting from 19th to 21st June, Spanish renewable energy storage and inverter maker, Ingeteam will display its latest models of central inverter, string inverter, ...
