The portable energy storage all-in-one equipment can build a simple power supply system outdoors, and can be connected to solar panels, grids (or generators) and loads.

The Huijue Group Off-Grid Solution comprises three main components: photovoltaic systems, energy storage systems, and off-grid systems, enabling energy self-sufficiency.

It supports 2.5kWh battery expansion packs and can support up to 6 power packs, reaching 17.5kWh, to provide a stable power supply for various household appliances.

The All-in-One Energy Storage System by Huijue Group seamlessly integrates a solar inverter and a lithium battery, delivering an efficient and reliable new energy solution.

It had the function of central control, battery maintenance and management to meet the requirements of no one on duty; it could be monitored in real time through the mobile APP.
