What is the Myanmar telecommunications market report 2024-2031?

The Myanmar Telecommunications Industry Report, 2024-2031 includes a comprehensive review of the Myanmar market dynamics, market sizing, market forecasts, analysis, insights and key trends.

Does Myanmar have a telecommunications market?

Our Myanmar Telecoms Industry Report transactions database analysis highlights the dearth of inbound (domestic) transactions in the Myanmar telecommunications services market, with the largest transactions from private equity firms bulking up their mobile tower portfolios and consolidating their position by acquiring smaller operators.

What are the major telecom operators in Myanmar?

Operator Profiles: Myanmar's telecom market is dominated by four major mobile operators: Myanmar Post Telecommunications (MPT), Atom Myanmar (formerly Telenor), Ooredoo Myanmar, and Mytel. Competition is fierce, with over 95% 4G population coverage achieved.

Will Myanmar's telecom market grow by 2031?

Despite these challenges, the report projects that Myanmar's telecom market will grow at an average annual rate of 2.7% by 2031. While this growth is modest, the sector has shown resilience in the face of political and economic headwinds. Mobile Market Growth:
