Is Veon deploying solar power in Pakistan?

Barcelona, 05 March 2025: VEON Ltd. (Nasdaq: VEON), a global digital operator ("VEON" or the "Group"), today marked the agreement between Jazz, its digital operator in Pakistan, and Huawei to deploy solar power in Jazz's 1,000 sites across Pakistan.

How will Veon & Huawei contribute to a low-carbon future?

As the project progresses in 2025, VEON and Huawei remain committed to continuously exploring and implementing innovative technologies that contribute to a low-carbon future by integrating sustainability into the overall digital landscape of VEON.

What makes Huawei a great company?

Huawei is a global leader in information and communications technology (ICT) infrastructure and smart devices, committed to bringing digital to every person, home, and organization for a fully connected, intelligent world. With a strong focus on sustainability and innovation, Huawei is a trusted partner for numerous enterprises around the globe.

Why is Huawei partnering with VEON & Jazz on Isolar project?

Phillip Gan, President of Huawei Middle East and Central Asia Region of Huawei added, "We are proud to partner with VEON and Jazz on the iSolar project, setting a new benchmark for green energy adoption in telecom industry."

Pakistani telco Jazz - owned by global digital operator Veon - announced at Mobile World Congress 2025 on Wednesday it is collaborating with Huawei to deploy solar power tech at 1,000 of ...

Jazz Collaborates with Huawei to Utilizing Huawei's cutting-edge iSolar technology, this initiative will accelerate Jazz's transition toward a sustainable telecom Sites infrastructure by incorporating ...

It builds a product ecosystem centered on solar inverters, charge controllers, and energy storage to promote sustainable and efficient utilization of solar energy.

This strategic collaboration will focus on three key areas: utility-scale and industrial-level battery energy
