In July, Connecticut Attorney General William Tong sued SunRun, and two smaller companies it worked with, alleging deceptive, unfair and illegal sales of solar power systems.

While you are browsing solar power companies, one of them may offer to install a solar panel or solar roof in your home for a small cost or even for free. It's an intentionally misleading...

The Treasury Department works with other federal agencies, including the Consumer Financial Protection Bureau (CFPB) and the Federal Trade Commission (FTC) to spread the word about ...

Solar panels, typically mounted on rooftops to maximize sunlight exposure, are often misconceived as a risk to roof integrity. However, there's minimal risk of damage with a professional ...

Remind prospective customers that while tax credits, rebates, and incentives might be available for solar purchasers who qualify, offers for "free" or "no cost" solar panels are scams.

To avoid getting scammed, you need to know what to look out for and when to walk away. Here's our guide to spotting solar panel scams and finding a great installer.

Con artists use misleading sales tactics and lies to trick homeowners out of money and personal information. If you've received an offer for "free solar panels," it could be a scam. Always ...

Scammers across the U.S. are going door-to-door, pitching "free" solar energy systems. Many homeowners never get any solar equipment installed; those who do often get shoddy work. ...

Scammers across the U.S. are going door-to-door, pitching "free" solar energy systems. Many homeowners never get any solar equipment ...

Is the photovoltaic panel installation work a scam

Scams are unfortunately common in the solar industry. Learn more about some of the most likely scams you may face when trying to go solar.

Everything you need to know to avoid a solar panel scam and what to do if you feel you've been a victim of predatory solar companies.
