What is the Israeli energy storage Council?

Based at Bar-Ilan but to be run in conjunction with the Technion-Israel Institute of Technology in the northern city of Haifa, the body will oversee the development, training, and commercialization of energy storage technologies.

Who inaugurated the new National Institute for energy & electrochemical storage?

Energy Minister Eli Cohen (fourth from right) helps inaugurate the new National Institute for Energy and Electrochemical Storage at Bar-Ilan University, near Tel Aviv, June 3, 2025. (Shlomi Mizrahi, Bar-Ilan University)

How much money does Israel spend on a new research institute?

The institute's innovative research infrastructure will serve all researchers in Israel, and its establishment is very significant news." The Energy Ministry provided NIS 100 million (\$28.4 million) for the new institute, with Bar-Ilan funding the remaining NIS 30 million (\$8.5 million).

Are 'deep-tech-based' technology solutions the future of Israel?

(Gavriel Fiske/Times of Israel) Bar-Ilan University President Prof. Arie Zaban, an energy researcher and entrepreneur, said "deep-tech-based" technological solutions were critical for the planet's future and that the institute would "help position the State of Israel as an ecosystem in the field of climatech."

Based at Bar-Ilan but to be run in conjunction with the Technion-Israel Institute of Technology in the northern city of Haifa, the body will oversee the development, training, and...

The institute--Israel's first of its kind--is set to play a central role in developing energy storage technologies, supporting groundbreaking academic research, and serving as a launchpad for ...

Development and Implementation of Multiscale Renewable Energy Systems for School Buildings in Israel, Based on PV, Storage and Monitoring Vladislav Grigorovitch Department of Civil ...

Projects already underway include the development of cost-effective sodium-ion batteries and the recycling of lithium-ion batteries, which are central to renewable energy storage.

Israel school energy storage

Jerusalem, 4 June, 2025 (TPS-IL) -- Energy Minister Eli Cohen inaugurated Israel's first National Institute for Energy and Electrochemical Storage at Bar-Ilan University in Ramat Gan.

The National Energy Storage Institute, a collaboration between Bar-Ilan University and the Technion--Israel Institute of Technology with the support of the Israeli Ministry of Energy, will ...

A first-of-its-kind initiative, the National Institute for Energy and Electrochemical Storage, was inaugurated at Bar-Ilan University in partnership with Israel's Technion Institute. It aims to ...

Thermal Energy Storage: Several Israeli companies have pioneered high-efficiency thermal storage systems that convert excess electricity into heat, which can be stored for hours or ...

Supported by Ministry of Energy and in partnership with the Technion, the National Energy Storage Institute at Bar-Ilan University is a first-of-its-kind, cross-disciplinary research-and-development ...

The Ministry of Energy is establishing a national research institute in the field of electrochemical storage. The Institute will be established in partnership with Bar-Ilan University at the Technion and its goal is ...
