Who makes LONGi Solar panels?

We'll go over every detail in our LONGi Solar panels review. LONGi Solar was founded in 2000 and is based in Xi'an, China. It's one of the world's largest solar panel manufacturers. Their product range also includes monocrystalline silicon wafers, building-integrated photovoltaic solutions (BIPVs) and alkaline water electrolyzers.

How long do LONGi Solar panels last?

The average degradation rate of LONGi Solar panels is around -0.5-0.35% per year. The panels retain around 90% of their initial production after 25-30 years. Are there any financial incentives for solar panels? What makes LONGi Solar panels stand out? Here is the list of their biggest advantages: LONGi Solar panels reach up to 25% conversion rate.

What is the power output of LONGi Solar panels?

The power output of LONGi Solar panels ranges from 400 to 670 watts. LONGi Solar panels show good efficiency and reach up to 25% conversion rate. The engineers make use of the latest technologies such as multibusbars, half-cut cells, PERCs and N-type cells.

Is LONGi Solar a good brand?

Climate change and its impact on people's lives have always been among his interests and it partially explains his degree in Philosophy and Ethics. LONGi Solar panels review: As one of the Top-10 solar brands globally, LONGi Solar has built a reputation for high-quality and efficient PV modules.

Longi, the China headquartered solar PV solutions giant, has launched its latest Hi-MO X10 solar module series at an event held in Shanghai. The new modules use Longi's 2nd generation ...

As of February 25, 2025, LONGi Green Energy has implemented a price adjustment for distributed generation systems, with increases ranging from R0.03/W to R0.05/W due to recent power reform ...

HPBC (Hybrid Passivated Back Contact) is LONGi self-developed and named hybrid passivated back contact cell technology. It is a new generation of high-efficiency cell technology ...

Installing Longi's latest Hi-MO X10 back-contact solar panels on a 10,000 m² rooftop could produce

Longi s latest photovoltaic panels

189,000 kWh more power annually than a 630 W TOPCon system.

LONGi's technological and manufacturing leadership in solar wafers, cells and modules underscores our commitment to helping accelerate the clean energy transition. By offering high ...

Chinese solar manufacturer Longi unveiled a new PV module with 25.9% efficiency at the 2025 SNEC trade show this week in Shanghai, produced using both low- and high-temperature ...

LONGi Solar engineers dope PV cells with gallium which decreases their performance drop in the first year of operation below 2% and below 1.5% with latest panels.

A Leading Manufacturer Of High-Quality Solar Photovoltaic Panels, Providing Reliable Solar Energy Solutions For Various Applications. Explore Our Solar Panels For Sale Today!

LONGi Solar panels have been a reliable solar panel option for many Texas homeowners seeking the latest technology and long-term performance in an affordable solar panel.

Leading BC manufacturer LONGi has begun supplying 400 MW of BC modules for Shanghai Electric Power's offshore PV project.
