What is Malaysia's electric vehicle market like in 2024?

20 Jan 2025 MALAYSIA's electric vehicle (EV) market surged nearly 80 per cent year-on-year (YoY) to more than 28,000 units in 2024, with China's BYD, Tesla and BMW emerging as the top three brands.

How has Malaysia's electric vehicle market changed over the years?

MALAYSIA's electric vehicle (EV) market surged ahead with 4,345 battery-electric vehicle registrations, up 177 per cent year-on-year and setting a new monthly record.

How many EV models are there in Malaysia?

The growth was primarily driven by the influx of multiple new EV models and the entry of new players into the Malaysian market, said CIMB Securities analyst Mohd Shanaz Noor Azam, who estimates that the Malaysian automotive market now boasts over 27 EV marques.

Why do Malaysians not buy electric vehicles?

Because of poor charging facilities, vehicle maintenance costs, and the expense of electric vehicles, a major portion of Malaysia's population is uninterested in purchasing electric vehicles. Only four electric vehicles had been sold in Malaysia as of the end of 2021.
