Why do we install solar panels at Balakong & Penang?

By installing solar panels across multiple production facilities and offices at Balakong as well as at Penang, we have lowered our carbon emissions and decreased dependence on non-renewable energy. Our solar panels across all facilities generate 6,500+GJ annually, directly powering production while cutting emissions.

Who is yeuan Tong aluminium glass works?

Yeuan Tong Aluminium Glass Works Sdn. Bhd. is a Penang-based company specialising in aluminium and glass installations. We offer a broad range of services including conventional curtain wall system, structural glazing, and frameless glass works. © 2021 - Yeuan Tong Aluminium Glass Works Sdn. Bhd. 200001024085 (526693-M) | All rights reserved.

What is a curtain wall system?

Its specialty encompasses state of the art facade system such as unitized curtain wall which has much better performance in term of structural, air and water defense as well as ease and safe site installation methodology.

What is curtain wall glazing?

The curtain wall method of glazing allows glass to be used in large uninterrupted areas creating consistent attractive facades. The flexibility in choice of NSG Group products allows the designer to control every aspect of the performance from thermal to solar considerations and ultimately the design statement for the building.
