## How to choose a 40kW Solar System?

While grid-tie configuration is the most common choice, you can also go for hybrid or off-grid design. The problem with a 40kw solar system with batteries is getting storage of a capacity that is large enough. Battery storage provides backup during power outages in the grid. However, it's going to greatly increase your expenses.

### Should you install a 40kW Solar System with batteries?

The problem with a 40kw solar system with batteries is getting storage of a capacity that is large enough. Battery storage provides backup during power outages in the grid. However, it's going to greatly increase your expenses. Ground-based systems are cheaper to install than rooftop ones.

### How much does a 40kW Solar System cost?
