Who is Sussex solar?

Company No: 0548 1 714 - Registered in England and Wales - VAT No: 862553512. Established 2005. Registered Office: Unit 25, Oakhurst Business Park, Wilberforce Way, Southwater, RH13 9RT Sussex Solar: family-owned renewable energy expert since 2005.

Why should you choose Sussex solar power?

Sussex solar power gives you energy security. It's a proven, reliable and safe way to generate power that can insulate you from energy price rises. Our bespoke, premium Solar PV systems are incredibly reliable and require minimal maintenance - usually just a good clean every couple of years.

Who is complete Solar & Renewables?

Complete Solar & Renewables provide solar power systems along with other efficient energy solutions tailored to suit your needs. Why choose us? Complete Solar & Renewables Ltd provide solar power systems along with other efficient energy solutions tailored to suit your needs.

Can birds nest under solar panels?

Yes! Unfortunately, the area underneath solar panels is a very warm, inviting and safe space for birds to nest. This allows debris to build up underneath the panels and causes heat to build up. In turn, this reduces the efficiency of your solar panel system and the amount of electricity it can generate.
