Access datasheets, installation manuals, warranties, and certifications in the TCL Solar Resource Centre, designed for professionals using TOPCon, IBC, and BC panels.

The document provides detailed specifications for various high-efficiency photovoltaic (PV) modules developed by TCL, including TOPCon Bifacial, Shingled Bifacial, and PERC Bifacial technologies.

TCL PV modules deliver sustainable energy and significant economic benefits, with high efficiency, a long service life, and stable performance in diverse environments. Ideal for residential, commercial, ...

The five main steps to installing a solar panel system include an engineering site visit, permits and documentation, ordering equipment, the solar panel installation, and ...

Overview This manual contains crucial information on the installation, maintenance, and safe operation of TCL PV modules. It is recommended to read and understand the manual before proceeding with ...

TCL Solar is a global leader in N-Type TOPCon and Back Contact solar technology. Discover high-performance, durable solutions for your home, business, and large-scale energy projects.

Discover TCL photovoltaic solutions for efficient and sustainable energy. Learn more about our solar technologies and explore how they can power your projects.

This manual provides safety and installation instructions for IEC certified TCL photovoltaic modules carrying the TÜV Rheinland test mark on the product label (Figure 1).

MADE FOR REAL WEATHER · strong frame and cell connection design helps to protect the panels against weather challenges like temperature swings, snow loads, and hail.
