In a heart-wrenching incident, two out of four maintenance engineers were stuck on a 67-meter wind turbine generator. Both engineers, standing on top of the burning turbine, hugged each ...

A 40-meter-long blade has tragically fallen from a turbine in Akita Prefecture, northern Japan, killing an elderly man. Metal fatigue and regular maintenance and inspection are the issues.

AKITA -- A man was found unconscious near the blade of a wind turbine, which had broken off and fallen, in Akita, and taken to a hospital where he was confirmed dead on Friday ...

On the morning of May 2, a wind turbine blade fell at Araya seaside park in Akita City, Japan. Emergency services were alerted around 10:15 a.m. after a passerby reported the incident.

A man has died in a horror accident after being crushed by a wind turbine blade.

A blade of a wind turbine on the coast of Akita, northeastern Japan, has broken off, and a man found collapsed nearby was confirmed dead Friday, local authorities said.

A man died on Friday after a wind turbine blade fell at a park in the city of Akita.

AKITA--An elderly man died on May 2 after being found collapsed on the ground near a broken blade from a wind turbine here, police said. Akita prefectural police are investigating whether...

To my knowledge this is the first case of a passerby being killed by a wind turbine. The 81-year old man was cycling near the wind turbine on what appears is a paved bicycle path.

BOURNE, Mass. -- Stunning video from Buzzards Bay in Plymouth shows a broken wind turbine after one of the blades became detached on Friday afternoon. The blade fell into a cranberry ...
