The 25MW Solar PV project has several benefits for the city. It will diversify the electricity supply and reduce the dependence on NamPower, the national electricity supplier.

In the field of Water-supply we can offer our service from the borehole pump, Pressure boosting, Hot Water Supply till wastewater removal. Further we can offer you solutions for your ...

What is HJ mobile solar container?The HJ Mobile Solar Container comprises a wide range of portable containerized solar power systems with highly efficient folding solar modules, advanced lithium ...

An Off Grid solar Container unit can be used in a host of applications including agriculture, mining, tourism, remote islands, widespread lighting, telecoms and rural medical centres.

Various renewable energy applications - Solar Water Heating, Solar Water Pumping, Solar Grid Feed, and OFF Grip systems. We supply generators, INVT UPS applications and general electricity backup ...

Tschinwary Solar Containerized Low-Pressure Type for Mining Is solar power a viable solution for the mining industry? As the mining industry faces increasing pressure to reduce its carbon footprint and ...

Using the relatively new modified single-buyer model, several mining operations intend to bring more solar photovoltaic power plants into play. The modified model allows electricity ...

In particular, it must decide whether to prioritize the development of large-scale hydropower, namely the Baynes dam, or to develop abundant solar and wind resources.

Windhoek, the capital of Namibia, faces growing energy demands driven by urbanization and industrial expansion. The Sykvo container substation has emerged as a cost-effective solution for rapid ...

Windhoek Mining Solar Containerized Low-Pressure Type

Although small solar off-grid systems only provide basic access, they can be an efficient and cost-effective solution for reaching a large swath of the rural population - at least until access to ...
